*Daily Value (DV) not established.

**Percent Daily Values are based on a 2,000 calorie diet.

OTHER INGREDIENTS: Shark cartilage, carob, gelatin, glycerine, soybean oil, purified water, magnesium stearate, stearic acid. Contains shellfish.

INGREDIENT NOTES: Cetyl Myristoleate is patented by EHP Products (U.S. Patent #5,569,676).

DOSAGE: Unlike regular joint supplements, you only have to take a single daily dose of Animal Flex. Easy. Potent. Effective. Just take a pack of Animal Flex with any meal during the day and you're set—doesn't matter which meal it is. That's it. As a "core" or foundational supplement, use Animal Flex daily—on both training and non-training days. No need to "cycle" it.

PRODUCT NOTES: If you're smart, don't just use Animal Flex when you got a problem. You can and should use to help prevent problems from arising in the first place. Think of Animal Flex as nutritional "insurance", like Animal Pak.

WARNING: Exercise good judgment and keep this out of reach of children. To keep it as fresh as possible, store this product in a cool, dry place, away from heat, moisture and sunlight. You know the drill.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease.
